RNAP Hack 2026

English Instructions · Comunicación Integral en Inglés Técnico I · Etapa 4 y PIA

Your English work in the Etapa 4 and the PIA is about your own RNAP Hack project. All English deliverables are **team work**, except the Developer Reflection, which is **individual**.

All the writing happens in the English class on Thursdays. Deliver every written piece in PDF with a cover page and upload it to NEXUS.

D2 · Act. 10 — Grammar in Your Brief

Modalidad	En equipo
Fecha	Jueves 5 de noviembre, en clase de Inglés
Ponderación	2.5 %
Evaluación	Coevaluación entre equipos · cumple / no cumple

Instructions

1. Read the brief of your track in the Challenge Tracks document.
2. Find one sentence for each grammar topic: Present Perfect, Second Conditional and Perfect Conditional.
3. Copy each sentence into the table and write what it expresses.
4. Exchange your table with another team and check theirs.

Grammar topic	Sentence from your brief	What is it expressing? (real experience / present imagination / past hypothesis)
Present Perfect	"Many people have asked generic chatbots about fines and school rules."	Real experience: it describes actions that have happened in the past and are still relevant to the present problem (using *have + past participle*).
Second Conditional	"If the assistant always showed the article, people would check the answer themselves."	Present imagination: a hypothetical present scenario proposing what would happen if the system behaved differently (*if + past simple / would + base verb*).
Perfect Conditional	"If she had seen the real article, she wouldn't have paid it."	Past hypothesis: a counterfactual reflection on a past real incident, imagining an alternate outcome (*if + past perfect / would have + past participle*).

Criterio de evaluación: Cumple cuando las tres oraciones corresponden a su estructura y la tercera columna está completa y es correcta. Si no cumple, el equipo corrige la tabla con la observación recibida.

Track 4 — The Assistant That Doesn't Make Things Up (Orienta MX) · Team: Julio Treviño T. · Enrique Martínez R. · Enrique Colis · Ángel Argüelles
